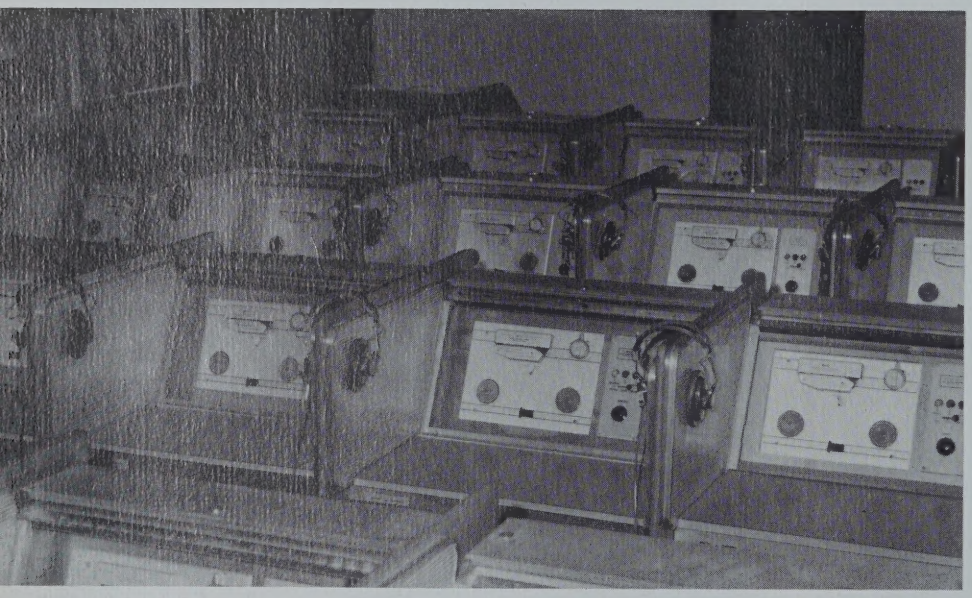
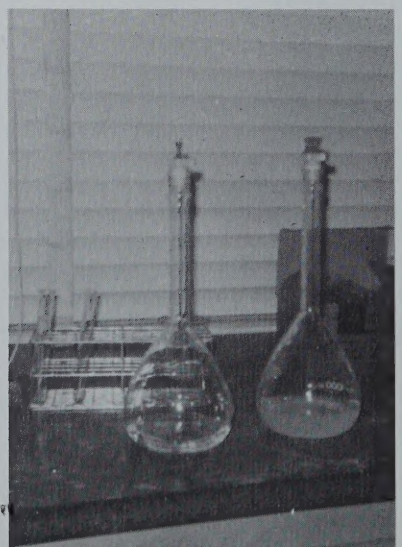
Wonder is a design
that stirs man's imagination
sometimes perceptive . . .





sometimes perplexing . . .

Striving to create
my own designs

I live to learn
and learn to live . . .

producing from ideas,
the tools,
the finished product,
wisdom

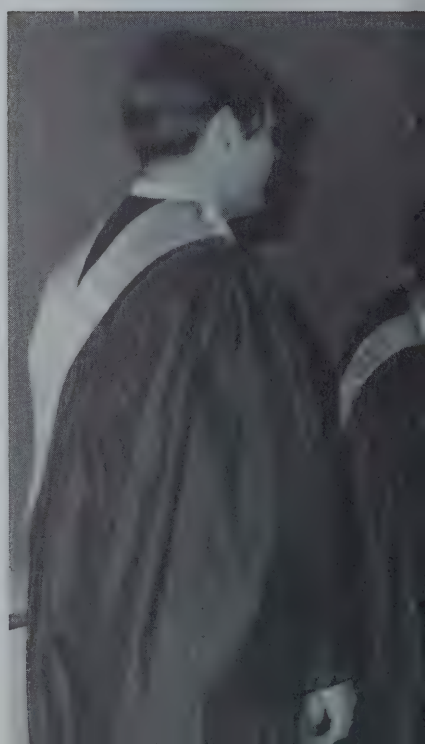
Wonder is an awareness . . .

of being alive to the sights
and sounds around me,
I search
and discover what is meaningful

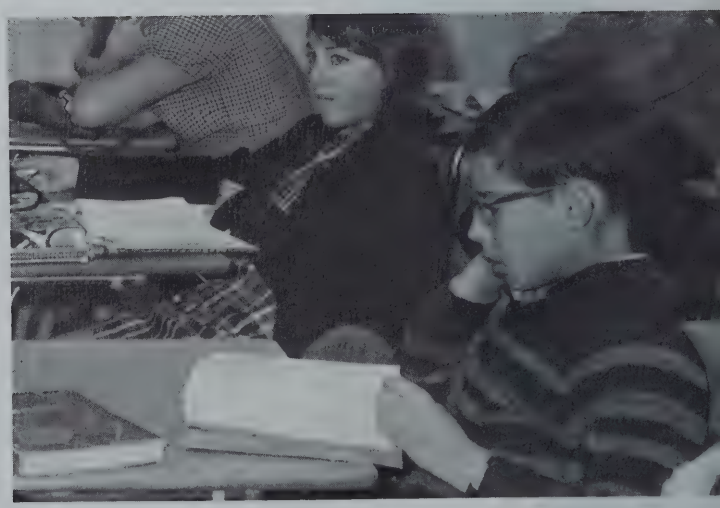
I am aware of what I am . . .

and what I can be . . .

that through this awareness
thoughts might be enlarged,
leadership developed, and
the future
molded in the present.



Wonder is a challenge . . .



and I accept that challenge
to be,

to create the individuality
that is me

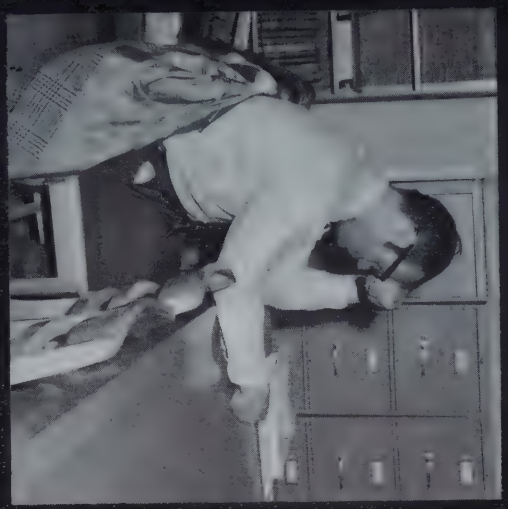
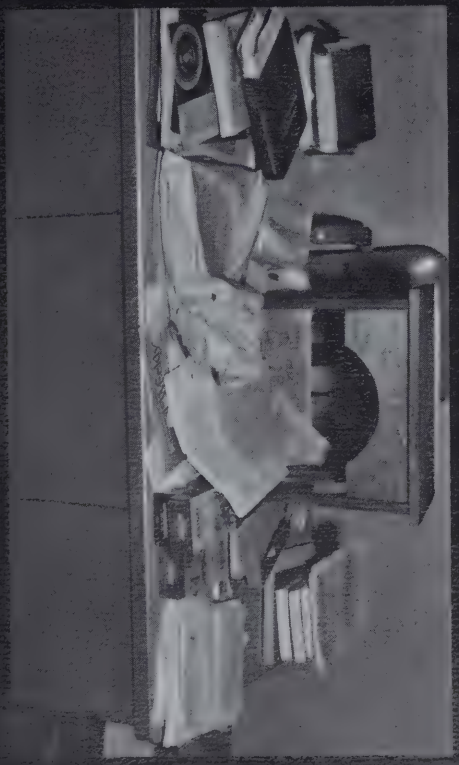
Trying To Provide
A Focus.



FACULTY



Superintendent Roland W. Wilson

The duties of a superintendent of the schools in one town are numerous and often tedious. Multiply this by five towns and you have the job of Roland Wilson, superintendent of the schools in School Union 61. Formerly a teacher at Tantasqua, and later its principal, Mr. Wilson is well acquainted with the problems and needs of the five towns (Brimfield, Brookfield, Holland, Sturbridge, and Wales) that are included in Union 61. His devotion to education and his knowledge of the educational needs of the area have made him an excellent and well-liked leader in the educational community known as School Union 61.

Principal
John F. Canavan

John Canavan, principal of Tantasqua Regional High School, is a man deeply concerned with the educational needs of today's youth. He is eager to get to the very core of the problems at THS and encourages all students to discuss their problems with him. Although this is only Mr. Canavan's second year at T.H.S., he has already become deeply involved in student life and the educational community by being elected president of the Quaboag Valley Basketball League as well as various other activities essential for presenting a well-rounded education to the students at Tantasqua.

Assistant Principals

Garfield Norton

Edward Bzdula

Students at Tantasqua are grateful for the wonderful assistant principals we have, who have the often unpleasant duty of maintaining law and order. Mr. Norton and Mr. Bzdula are always available, helpful, kind and understanding with adequate knowledge of the problems facing the youth of today.

Their Job Is Guidance

The school counselor's major concern is the normal developmental needs and problems of all pupils. He is dedicated to the idea that a pupil will reach self fulfillment if he is helped to understand himself and to gain a realistic view of his capabilities.

New English Program Begun

The knowledge of one's language and literary heritage is basic to one's education. Although this need is fundamental for everyone, individuals differ in their practical interests and in their requirements for the future. With this fact in mind, the English Department has organized a program which attempts to provide our students with a thorough knowledge of the English language as well as focusing on the individual needs, interests, and talents of our students.

Conscious of its role in expanding the horizons of the student's world through exposure to all of the social sciences, the Department introduced this year the Harvard Social Studies Project into its curriculum. This series, using the inductive approach, explores fifteen major issues faced by our nation today. Among the problems studied are: The Negro's View of America, and Community Change.

From Algebra To Calculus

The Math Department of Tantasqua consists of eight teachers, each with a wide and varied range of training and experience. All are interested in seeing that the students at Tantasqua get the best possible mathematics training consistent with their interests, abilities and future needs.

Exploring The Universe

Science is taught at every grade level. Each student can take a science course that best fits his needs every year starting with grade seven and continuing through graduation. Seventh grade science presents the first level of a three-year sequence of general preparation for the specialized sciences of the high school. The curriculum for grades ten to twelve includes Biology, Chemistry, Physical Science, Physics, Earth Science and Advanced Science.

Recognizing Other Cultures

Man seeks to expand his educational horizons beyond the limitations of his own language and culture. The purpose of the Language Department has always been to provide the best opportunities for the satisfaction of this basic desire. Offering an extensive program in two modern languages and one classical language, the department makes use of the most modern techniques to develop the student's proficiency in language.

Essential For Education

The Library supports the Tantasqua curriculum by serving as a resource center for books and audio-visual materials. It also assists students in independent research, inspires exploratory reading, and provides a quiet refuge for reading and relaxation.

The Special Education Department functions to create a learning environment for children of limited learning ability. The nature of these limitations has its source in physical, mental and environmental origins; but the overall aim of our department is to make it possible for these students to experience a useful, satisfying and maximum adjustment to the many problems of family, job and community life.

The World Of Business

Quality is the watchword in education today. The ideal of quality in achievement and in content is not new to business education. Business education has been most conscious, over the years, of the level of excellence expected of our graduates and the constant appraisal by the business community of the quality of our instruction. As we face the challenges inherent in the decade ahead, we at Tantasqua constantly renew our dedication to quality by achieving new depth and new dimensions in our instruction.

Developing The Body

Athletic competition is a vital part of American life and the lessons learned from a healthy athletic program are many, therefore athletic competition is encouraged as part of the school life at Tantasqua. Interscholastic athletics at Tantasqua consist of Basketball, baseball, football, track, cross country, gymnastics, tennis, golf and soccer. At any sport, Tantasqua students are strong competitors as well as high spirited, hard working representatives of our school.

Experiencing The Arts

We hope to cultivate a feeling of wonder about reality and about the human imagination. The skills and techniques acquired here serve to help each student express his own unique relationship to the world. We also try to instill a sense of craftsmanship, a value that seems to be disappearing in our modern world.

The Music Dept. at Tantasqua offers area students an intense study in both vocal and instrumental music. Mr. Cheney and Mr. Drifmeyer are proud to admit that the THS music dept. is one of the finest in the state.

Basic Skills For Living

Junior High Industrial Arts at Tantasqua consists of general woodworking, and provides the setting for boys to create a variety of projects. Opportunities for learning are provided through experiences in planning, using tools and materials, performing processes in the production of useful articles, and experimenting in activities related to woodworking, drawing and design.

Education for living itself is the function of Tantasqua's homemaking department. Our program offers training in skills and knowledge which can be used today as well as in the future.

VOCATIONAL SCHOOL

The Vocational School was established to train students for profitable employment. Students admitted to our Vocational School must be 14 years of age and/or completed the eighth grade. They should have the definite desire to pursue a trade and have the ability to profit from the instruction offered. The following trades are offered: Machine Shop, Carpentry (Housebuilding), Welding & Metal Fab, Machine Drafting. The curriculum includes Shop, Related Math, Science, Blueprint Reading & Drawing, English, Social Studies and Physical Education. The students, when they graduate, receive a High School diploma and a Vocational School certificate in their trade. It is important that the students who are not going to college be given an opportunity to receive occupational training to enter in the world of "Work".

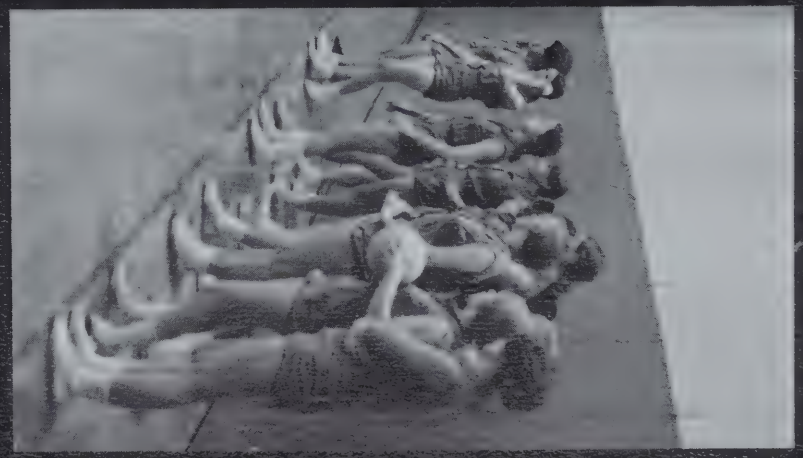
UNDERCLASSMEN



Just One More Year To Go

The year 1968-1969 has been a most important and exciting one for the Junior class. One of the first events of the year was the arrival of their class rings, in October. Money was raised both through class dues and through the class dance, "Happiness is . . . an Experiment". Both went very well, and the money was put to good use at their first prom, the combined Junior-Senior Prom held in April. These occasions will remain among their memories for years to come.

An important subject on the minds of many Juniors is the preparation for the years following graduation. Whether their choice is college or career, this decision is a very important responsibility, and must be very carefully made.

The Juniors look forward to their Senior year, the final one of six happy years at Tantasqua Regional High School.

Ordering Class Rings Is The Big Event

In 1968-1969 the sophomores observed an active race for officers. The outcome of this election was; Robert Jefferson, Pres., David Powell, V.P., Lynn Perry, Sec., and Debra Plimpton, Tres. The elected officers worked hard with the class advisers to make it a successful year. And successful it was. There was a substantial increase in class dues paid this year as opposed to last year. The class dance was successful and the people who worked on the various committees are to be congratulated for doing such a fine job. This year was profitable in all ways and we hope next year it will be too.

Their First Real Year Of High School

The freshman class of 1968-1969 was kept very busy this year. Along with the regular activities at school, they held their own dance in May to raise money. They also had the task of collecting class dues to perform. This was started after the election of officers. Those elected were; Catherine Robidoux, Pres., Noela Corriveau, V.P., Janet Lucier, Sec., and Elizabeth Hedlund, Tres. Some members of the class participated in the production of two freshmen plays which were presented to a full high school assembly. It was an entertaining hour for all. It is hoped that next year will be as enjoyable as this one has been.

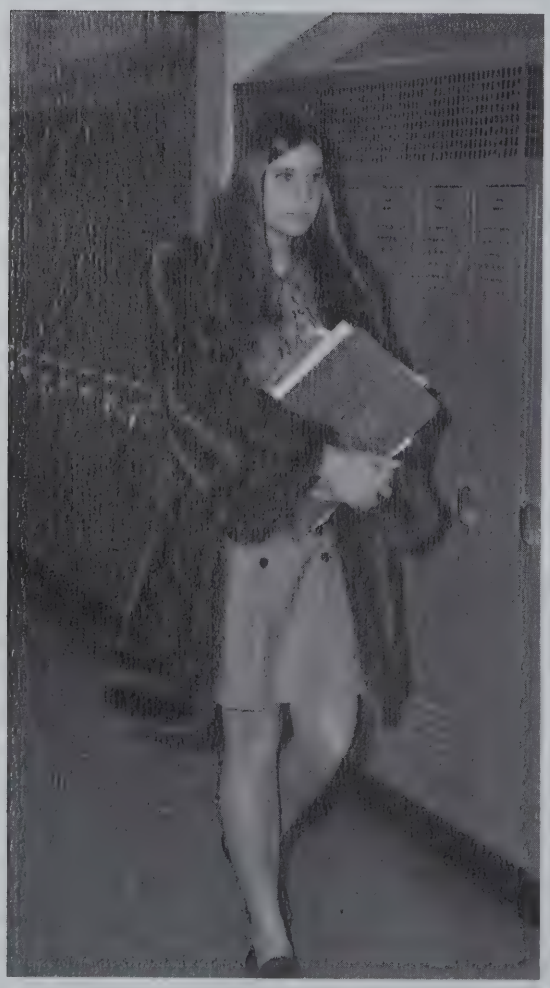
"Run Spot, Run. See Spot Run."

I must get that secret formula first!



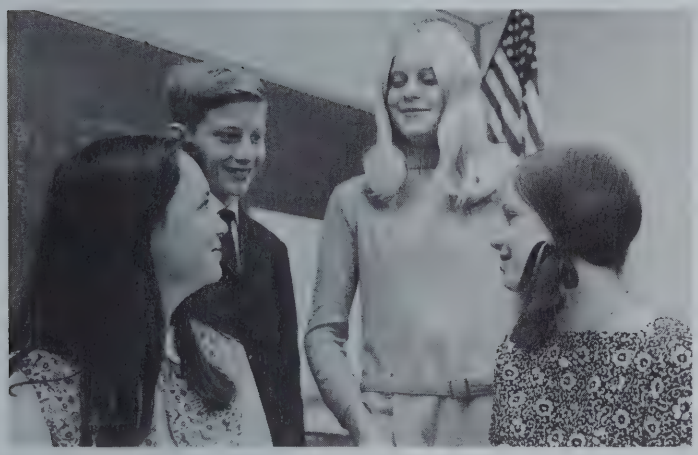
I bet you didn't know the school was this old!

What's the world coming to? WE were NEVER like THAT when we were young.

First Time Eighth Grade Elects Officers

The eighth grade elected officers for the first time in the history of Tantasqua this year. It was a bit event and much time and thought went into the selection. Those elected were; Cynthia White as President, William Allen, Vice President, Debra Miller, Secretary, and Sally Wells, Treasurer.

The members of the class also took part in skating parties which were held on the pond in front of the school. All the eighth graders look forward to next year when they will be real high school students.



Officers; S. Wells, Tres., W. Allen, V.P., C. White, Pres., D. Miller, Sec.

Wow, where did he get that model?

They are not, I'm making them close together because it's cold out.

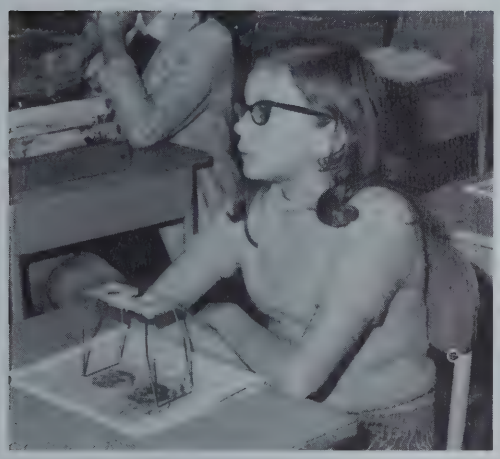
That First Exciting Year

The seventh grade class year at Tantasqua was a very eventful one. After all had become acquainted they nominated and elected officers. This had never been done at this grade level and the outcome was very interesting. Joseph Earls was elected President with his fellow officers; Michele James, V.P., Keri Hutchinson, Sec., and Denice Vilandre, Tres.

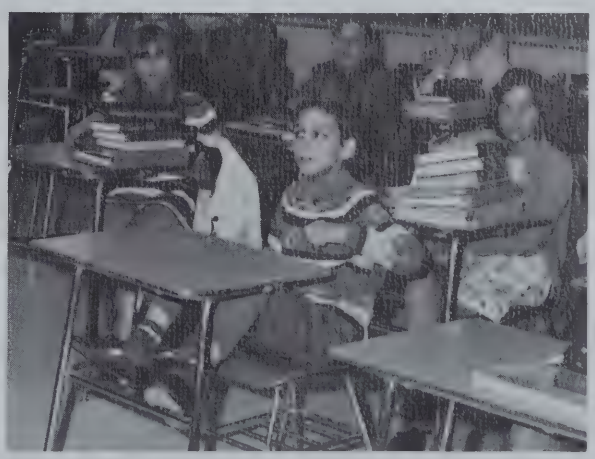
The seventh grade also took part in some skating parties along with the eighth grade. These were held on the pond several times during the winter and were a big success. The whole class looks forward to the next five years being as nice as this one has been.



Gee, I never knew Tantasqua could be so — interesting.

Ah, a typical, sophisticated, cultured, intelligent class, I think.

How are we supposed to know this, we've only been working on it for five months!



The injuns up on that hill haven't seen us yet, move out but keep it quiet.

The Warrior baseball team finished the 1968 season with 10 victories and 6 losses. The Border Baseball Conference, in its 2nd year of existence, saw Southbridge and Bartlett finish as co-champions with Tantasqua close behind them.

Some of the seasons highlights were: Our trip to the Baseball Hall of Fame at Cooperstown, New York, our shutout wins over Bartlett and Southbridge, the feeling of accomplishment after our 14 inning victory over Monson and having Pete Neiberg, Al Glass, Al Dhembe, and Bob Warren selected to the league all star team.

Al Glass, Al Dhembe, and Bob Warren were Tri-captains for the 1968 team, and Roland Armstrong was elected captain for 1969.

The annual Stuart award for leadership, scholarship and contribution to the team was presented to Pitcher-Outfielder Al Glass and the first annual Norman "Bumpy" Holett award went to Al Dhembe and Bob Warren.

The 1968 season, in general, was a solid one for the Warriors and the team is looking forward to 1969. Both the Freshmen and Junior Varsity teams, as well as the Varsity had winning season and with returning lettermen like Roland Armstrong, Topper Wood, Bruce Willet, Louis Koslowski, Wally Michalski, Steve Gallerani, Dan Wells, Roland and Mike McCurdy things look good.

Golf is one of the few carry-over sports at Tantasqua, that is, one which can be played after graduation. More boys have gone out for the team in its second year. Ed Tefft has improved his golf game considerably, shooting a low score of 42 in his last match. John Chauvin was a most dependable golfer and shot consistently in the mid-40's. Bruce Peloquin was the number one man on the team winning several matches against the best golfers of the opposing teams.

Led by Tri-Captains Jim Woodward, Roland Armstrong, and Dick Green, the 1968 Warrior football team captured the Central Massachusetts Class B Championship with an outstanding 6-1-2 record. With the loss of such stalwarts as Al Dhembe, Bob Warren, Glen Biron and others from the 1967 tremendous 7-2 team, Coach Farland and his staff expected 1968 to be a rebuilding year. Ed Tefft, Steve Lorch and the Tri-Captains were the only seniors on the squad. The rapid development of several young and inexperienced Sophomores and Juniors was obvious however by opening day, as the Green and Gold, led by Jim Woodward's four touchdowns, trounced powerful Wachusett Regional 25-6.

Just as the Warriors had knocked them from the undefeated ranks a year ago, the Athol Red Raiders found their home field and the pouring rain to their liking, as they dealt the valiant T.H.S. gridders their first and only loss of the season, 24-0.

November 2, 1968 is a date that will long be remembered in Tantasqua's football history. For the first time in eight years, the Southbridge High Pioneers invaded the reservation. The Pioneers jumped off to an early lead in the first quarter. The rest of the day, however, was the Green and Gold, as the well-trained Warriors refused to panic, and late in the period took a lead which they never relinquished. The remainder of the game was a defensive battle with Southbridge scoring late in the game to bring the final score to 22-12. For the first time ever, the huge V.F.W. trophy would rest at Tantasqua.

Soccer entered the athletic scene at T.H.S. this year for the first time. The team showed steady progress all fall and looked quite sharp for the first-year team. The first Tantasqua goal was scored by Dick Gaudette; the first official victory was against Bartlett; and the first home victory was 1-0 over Auburn. Don Powell and John Keough shared high scoring honors with 5 goals each. Tri-captains for 1968 were: Don Powell, Louie McLean, and John Keough. Captains elected for the 1969 team were: Kirk Dupre, Dick Gaudette, and Tom Curry.

The Track Team had another successful season in the spring of 1968 in its last year under the careful guidance of Coach Steensen. The field events showed great strength as the discus team (Jim and Paul Woodward and Dick Green) took the top three places in each dual meet. Co-captains for the 1968 season were Bob Ruggles and Randy Buzzell.

Season's Highlights

Team:
1st in South Central Track Conference
1st in the David Prouty Invitational Meet
3rd in the District III Meet
3rd in the Western Massachusetts Meet

Individual:
Jim Woodward broke the school record in the shot put with a toss of 55'11¾". Jim also placed 1st in Western Mass. in that event and went on to place 6th in the state.
Paul Woodward placed 1st in the discus at the Western Mass. meet.
Jerry Senecal set a new school record in the 220 yard dash with a time of 22.8 seconds.
The relay team (Bob Ruggles, Lenny and Jerry Senecal, and Bill Salazar) set a new school record in the 880 yard relay.

Cross-Country runners: R. Powell, W. Wood, D. Stalker, C. Terry, W. May, P. Broughton, G. Chartier, D. Kozlowski, R. Vik, R. Asselin, M. Miner, E. Bzdula, D. Erickson, O. Grimes, B. Pote, R. Ross, Coach Herrion.

The Tantasqua Cross-Country team gave its usual brilliant performance. Their fantastic record of 72 consecutive victories was snapped by their arch rival, Palmer. Their spirit undaunted, the boys bounced back to win their last two games and hand new Coach Herrion a first season record of 9 wins and 1 loss. Only two seniors will be lost to the team and Coach Herrion is looking forward to an undefeated season in his second year at Tantasqua.

The 68-69 Tantasqua Warriors Basketball Team had a discouraging season in which they lost many of their games in the closing seconds. This year will note the departure of four seniors: co-captains Ed Tefft and Dave Bourdeau, and teammates James Woodward and Mike McCurdy. After-school practice gave members of the boys' gym team time to improve their techniques for gymnastic competition. Coached by Mr. Walter Pauli, the team went through its strenuous season, highlighted by the Gym Show held on March 28. The team is looking forward to better years in the near future because the team is young, with only one senior, Rich Fredette, who is, also, Captain.

Girls' Gymnastics Team

The Tantasqua Girls Gymnastics Team consists of thirteen girls who excell in athletic ability and endurance and who display exceptional ability in the field of gymnastics. The girls work out twice weekly with their new coach, Miss Cheryl Tulk, a student at Springfield College, preparing routines and readying themselves for competition against other schools and state competitions. The different events which the girls compete in are Floor Exercise, Side Horse Vaulting, Balance Beam, and the Uneven Parallel Bars.

During the 1968-1969 season neither Nancy Pontbriand nor Barbara Turner has been beaten on the Uneven Parallel Bars or Free Exercise, respectively.

The Tantasqua Regional High School Student Council is an intermediary body between the students, the faculty, and the administration. The council approves activity requests, sponsors campaigns to raise money for needy sources, provides the school with a student store, sponsors educational assemblies and social gatherings for pleasure. The council tries to solve problems brought up by students and tries to make our school a better institution.

Each year members attend state and national conventions to learn techniques for solving problem situations in our own school. In the summer of 1968, Nancy Pontbriand was chosen to attend a state convention at Westfield State College for six days. At this convention she obtained much usable knowledge and experience which has helped the council solve problems and present new ideas.

G. LePage, Pres., N. Pontbriand, V. Pres., J. Lindley, Sec., J. Pernoski, Treas.

It is a great honor to be ranked outstanding in leadership, dependability, and patriotism. Each year a senior girl is chosen by her classmates and faculty to receive this honor. This girl represents Tantasqua to the West Brookfield chapter of the Daughters of the American Revolution. The class of 1969 congratulates Christine Szumilas for receiving this award.

1969 Tantasquan

Not many people realize all of the hard work that goes into preparing a high school yearbook. The students who know what hard work is are the students on the Tantasquan yearbook staff. These students work very hard with layouts, picture taking and trying to meet monthly deadlines.

Hard work on the part of the staff of the 1969 yearbook and the help of their adviser, Mr. Blake, has brought many new ideas to this year's book. The book this year contains many more candids, a new and better cover and a new ad layout.

Editor-in-Chief, Chris Szumilas.

You're right Chris our last deadline was last month!

A big mystery around Tantasqua the past couple of years has been who the unidentified Pocohontas writer is. This is a well kept secret around school. This year another mystery was the guessing of Pocohontas' birthday. Many guesses were received and the winner won a record album of his choice.

The Tomahawk staff works very diligently to get the newspaper published five times a year. The staff tries to provide something for everyone in the paper. This year some new features were added to the paper. They were a comic strip and a crossword puzzle. These were included in the paper with the regular features of club announcements, letters to Pocohontas and the Smoke Signals.

Members of the staff talk about the next issue of the Tomahawk.

Another X Roxann and the school is yours!

That's good Valerie but don't you think you can do better than five words a minute?

Every Thursday afternoon at 3P.M. one or more students from T.R.H.S. participates in a half hour program on radio station WESO in Southbridge. This program entitled "High School Corner" enables the students to report on the various activities taking place at the high school. This program also features a Senior Spotlight and popular records of the week. This program gives a student a chance to enrich his student life through public speaking.

The National Honor Society at Tantasqua consists of Seniors who have maintained a B average since their Sophomore year. New members are inducted in the spring of their Junior year at T.H.S. This year during the Christmas season the group purchased a Revere Bowl as a retirement gift for their adviser Mrs. Edith Bolshaw. Mr. Roger Charette, the new adviser has directed the group through its annual projects. These included acting as guides on Parent's Night, the spring picnic and the formal induction ceremony.

The Future Secretaries Club consists of devoted Senior girls who give up their spare time to aid the teachers at T.R.H.S. Each girl is assigned a teacher and helps him with his paper work and much of his typing. These girls also do much of the typing for the school office and for many of the school activities. Members of the club can be found working in the Guidance Office and the Main Office during their study halls. These activities all help give the girls experience in secretarial work which many plan to pursue after graduation.

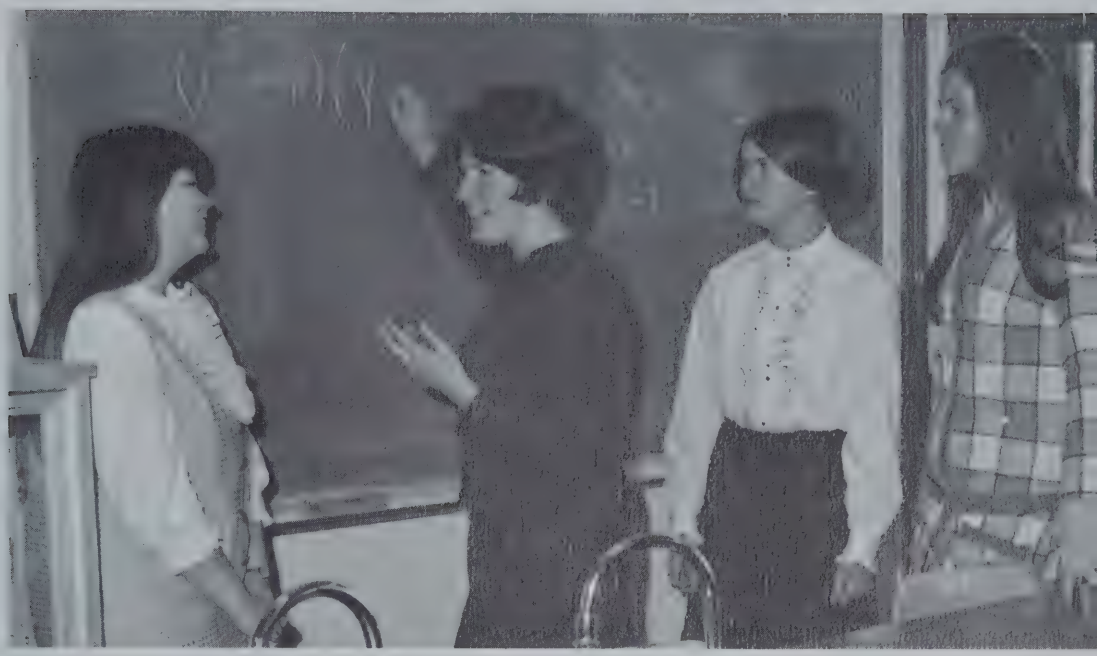
Future Teachers



P. Reed, *Treas.;* J. Miller, *Pres.;* P. Green, *Sec.;* K. Dowcra, *V. Pres.*

The Future Teachers Club has always taken an active part in student life at Tantasqua. One of its yearly duties is to provide usherettes for the annual faculty play. Members of the club are exposed to college campus life through day trips to area colleges. This year a new program has been introduced, that of tutoring elementary students in the five town area. These activities enable the girls to become familiar with the many phases of teaching.

Majorettes

The eight members of the Majorette Squad at Tantasqua perform at pep rallies, half time at home football and basketball games and participate with the band at the annual Memorial Day Parade in area towns. The girls can usually be found practicing Thursday night in the gym.

Late last year the team purchased new uniforms with money earned from their annual candy sale. This money is also used to purchase "T" emblems for one year members and white blazers for members who have participated for two years. Graduating Seniors also receive a small trophy.

All these projects are handled under the thoughtful guidance of their advisor Mrs. Lynn Chase.

During the 1968-69 season Captain Diana Prescott and her squad have brought Tantasqua Teams to many victories. Their extreme devotion to athletics and very hard work have helped to bring a little more spirit into our school. In order to renew some of this spirit the girls have made up new and livelier cheers which have certainly proved to be a big success.

Cheerleaders In Action

Drill Team

The Drill Team of Tantasqua consists of a group of girls expert in the field of precision marching. The girls practice Thursday nights in preparation for participation at home football and basketball games and the Memorial Day Parade.

Money raised through their annual candy sale helped to purchase their green and gold uniforms. In the spring at the Awards Assembly each member is presented a charm by their hard working adviser Mrs. Lynn Chase.

Kneeling: M. Lindsey, *Capt.*, C. Mercure, *Sec. Treas. Standing:* P. Allen, W. Northup, E. Enright, K. Livernois, L. Perry, K. McKay, N. Corriveau, B. Anair, N. Haley, K. Mach, E. Grudzien, S. Recore, R. Ruggles.

The Tantasqua High School Band is really two bands in one — a Marching Band and a Concert Band. The Marching Band performs at all home football games, supplies spirit to pep rallies and represents the school in the Memorial Day Parade in area towns. The Concert Band, one of the finest in the area, exhibits its talents at the annual Spring and Christmas Concerts. Members of the band audition for Western District and All-State Bands. This year senior Ed Bzdula was selected to play in the All-State Band.

Under the guidance of Director Mr. Fred Drifmeyer, the entire band rehearses during the last period of the day three times a week as well as sectional rehearsals during the week.

The Audio Visual Squad consists of a group of boys who take care of A.V. material. These boys deliver A.V. materials to teachers throughout the school and set up the materials for use by the teachers. The boys repair machines and films. These boys play an important part of the everyday life at Tantasqua.

I don't believe it, it actually works.

This year a group of students and their advisor Mr. Hemingway brought the Chess Club back into action at Tantasqua. They have not played against any other schools this year but hope next year to get into competition. This year they have been practicing new techniques during games played among club members. The knowledge they have learned will help them next year to bring many victories to their club.

International Relations Club

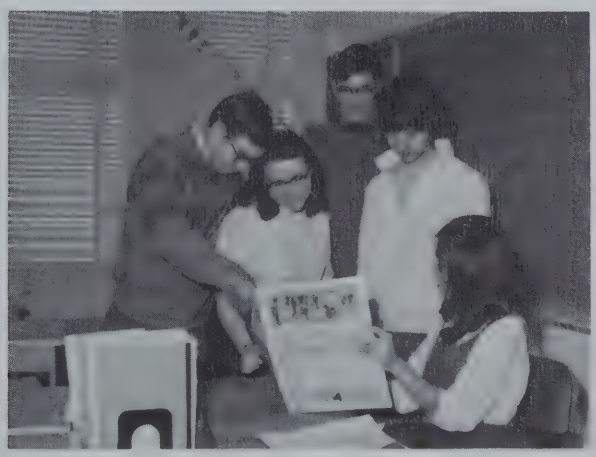
The International Relations Club, under the direction of Mr. Andrew Hancock, has adopted an Amerasian in Japan named Midori Tanaka. To support this fourteen year old girl the club has sponsored dances, food sales and car washes. This money is sent to the Pearl Buck Foundation which then uses the money for Midori's food, clothing, housing and medical expenses. The club also has monthly meetings where current issues are discussed.



Members of the club discuss current issues at a monthly meeting.

Choraleers

The Tantasqua Choraleers are made up of students in the eleventh and twelfth grades. Prospective Choraleers must audition for entrance into the group. Under the direction of Mr. John Cheney, the group practices at least three times a week. The Choraleers appear at the Christmas and Spring Concerts and also handle a heavy schedule of additional performances. During the 1968-1969 season the Choraleers sang for the Southbridge Women's Club, Southbridge Rotary, Sturbridge Men's Club and the Monson Congregational Church. Highlights of the year included the annual trip to the State House to perform for the governor and the opening of the first annual American Optical Sales Convention.

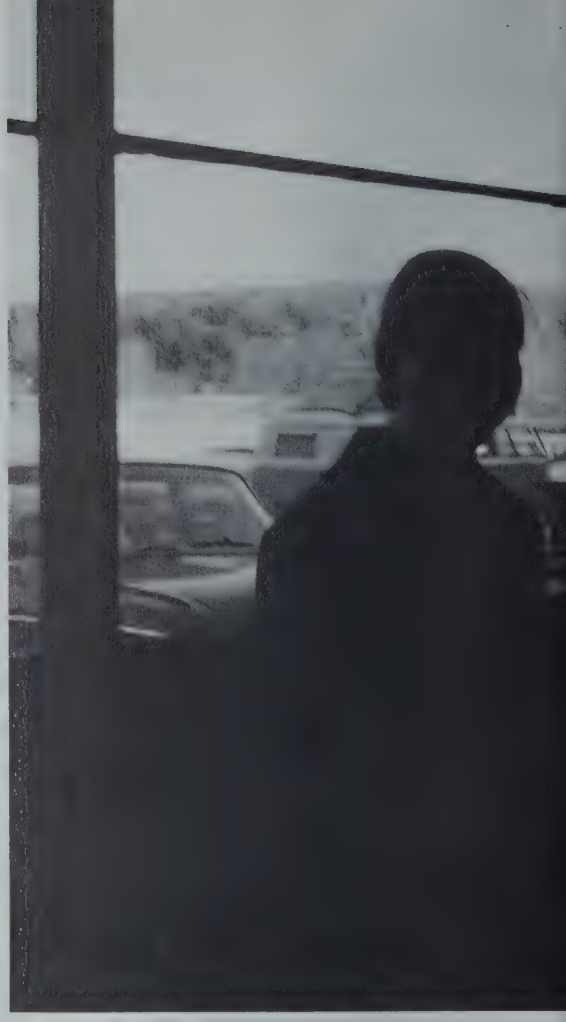
TAMASQUAN
TAMASQUAN

Throughout the year there have been many times when the staff of the 1969 TANTASQUAN has felt that all the time and effort were spent in vain. We have learned many things in one short year of working together on the book. We have truly become aware of the sights and sounds around us and have come into a deeper and more meaningful relationship with our school. The weeks and months of hard work carry with them many wonderful memories to cherish for evermore. We on the staff of the 1969 TANTASQUAN hope that our readers will receive as much enjoyment from the book as we received in putting it together.

Yours truly,
Chris Szumilas
Editor-in-chief
1969 TANTASQUAN



The staff of the 1969 TANTASQUAN would like to sincerely thank the following people who have made this book possible: The American Yearbook Company, Donald Lendry, Loring Studios, Fred Landry, Mr. Canavan, and especially Mr. Kenneth Blake for his extreme patience with us.
